OUR SOLUTIONS

Hines accompanies your members through every step of their healthcare journey by coordinating integrated Care, Cost & Risk Management solutions. Our industry-leading suite of health management services is entirely customizable for Payors, Plans, and Members.

We offer:

- Provider Open Access Program (POAP)
- Curated medical management
- In-depth risk analysis with predictive modeling
- Prevention and wellness engagement
- Early and continuous patient intervention
- ClaimChex™ cost management platform for optimal negotiated savings

With Hines, you're in good hands.

Designed to return control of healthcare back to the patient and plan. Opus^{one} integrates Care, Cost and Risk Management in a single bundled package superior to a Primary PPO network or a reference-based pricing alternative solution.

With Hines, gain end-to-end health and wellness services personalized services for better care, better outcomes.

We'll be there for you every step of the way!
